Step 1 - Download ttdsoft encryptor and players for Windows, Android and Mac

- Download ttdsoft encryptor and players [Windows, Android and Mac] from this page link
 <u>https://www.copyprotect.in/how-to-protect-mac-android-win-ios-usb-drive</u>
- From 1) ttdsoft encryptor

https://ttdsoft.in/players/

2) ttdsoft players for Windows, Android and Mac <u>https://ttdsoft.in/download/</u>

After download you will get these 4nos files in your PC

Name	Date modified	Туре	Size
ttdsoft_encryptor_offline_latest.exe	07-Aug-24 02:50 PM	Application	146,264 KB
ttdsoft_player_android_latest.apk	26-Aug-24 09:40 AM	APK File	13,702 KB
ttdsoft_player_mac_2.1.2.dmg	02-Sep-24 07:29 PM	DMG File	197,928 KB
btdsoft_player_win_installer.exe	02-Sep-24 07:24 PM	Application	12,231 KB

We recommend put these 4 no's files in two folders
 Folder 1 – ttdsoft_encryptor – Copy file "ttdsoft encrytor_offline_latest.exe" in this folder
 Folder 2 – Players for all – Copy all 3 no's players [Windows,Android and Mac] files in this folder

Step 2 - Install ttdsoft encryptor in your Windows PC [or MAC PC]

• From Folder" ttdsoft_encryptor " install file "ttdsoft encrytor_offline_latest.exe" in Windows PC [or in Mac Computer]

Name	Date modified	Туре	Size
ttdsoft_encryptor_offline_latest.exe	07-Aug-24 02:50 PM	Application	146,264

	ОК
File ID to Bind ttdsoft	Bind to USB Drive
1 Demo Mode	

Step 7 - Copy encrypted files in encrypted USB Drive.

7-1.In **step -1**, we already created a folder called " Players for All " and copied all players [for Windows, Android and Mac] in it.

In **Step - 4 and 5**, we created a folder called "encrypted files "and copied all encrypted Video, Audio and PDF files.

7-2.Put your encrypted USB Drive and click on the "Refresh USB".

Now, click no – "Open Hidden folder [Undeletable]"

A new folder **.data** will be created in this USB Drive, which will be hidden for user Put your "encrypted files" folder here [copy and paste].

7-3.Now, Copy "Players for all " on the root of USB drive so that user can access and install these players in there devices.

Now the USB Drive is ready to check and send to the user for DEMO.

Step 8 - Check USB Drive playing in Windows PC

8-1.Put your encrypted USB Drive in Windows PC or Laptop Open USB Drive - Install Windows-player

8-2. After installation windows player, icon "ttdsoft player" will appear on desktop of PC; Click on this icon - this screen will appear, click on "Open USB folder ".

8-3. Your folder called "encrypted files 'will appear, under this choose your encrypted files videos and audio file and enjoy playing. Like this, check your all files.

Here - there are three encrypted folder for video, Audio and PDF files In folder "encrypted files".
